

Dear Linwood Families,

During these challenging times, please know that your families' well-being is our primary concern. Part of our planning for the school closure has involved the preparation for supplying eligible families with breakfast and lunch during the times of our closure. Since we coordinate and receive our food services from Mainland Regional High School, our design includes their school's services.

While the schools are closed, your children will be able to receive breakfast and lunch. These will be available for pick-up each day at Mainland Regional High School. Times for pick-up are between the hours of 7:30 AM and 9:00 AM each day. The pick-up will be handled in the front loop at the high school off Oak Avenue. Families can pull into the loop and staff will be there to hand the packaged breakfast and lunch to you.

If you have specific questions regarding lunch services, please contact Mr. Brian Pruitt at brianpruitt@linwoodschoools.org or calling 609.926.6703.

Thank you.
